

We build trust. We deliver the future.

CONSTRUTORA R2X

PORTFOLIO

WHO WE ARE

Construtora R2X is a family business recognized for its excellence and its team of professionals, who consistently look for innovative and efficient solutions. The company focuses on ethics, quality, and sustainability, offering customized solutions dedicating itself fully to every project. We prioritize safety in all stages of construction, as well as environmental sustainability.

2013

Start of the company's operations
(Electromechanical equipment rental).

2017

We entered MCMV* market, signing contracts with major construction companies (MRV, TENDA, Localiza, Direcional).

2020

We stand out as TENDA's largest construction partner in Rio de Janeiro

2022

Launch of the company's public works division

2024

We have finally reached the one-billion mark in contracts

Futuro

To become one of the largest construction companies in Brazil

* MCMV (Minha Casa, Minha Vida) is a federal government program focused on financing and homeownership for low- and middle-income families.

MORE ABOUT US

We are a highly qualified multidisciplinary team, constantly seeking the latest technological advancements and training, to deliver integrated, customized solutions. Our goal is to ensure excellence at every stage of the project.

Integrity

Sustainability

MISSION

To face challenges with competence and boldness, offering our best contribution to meet the needs of our clients and partners.

VISION

To be the benchmark in our fields of operation and one of the best companies in Brazil for our employees and partners.

VALUES

- 1 Competence and commitment**
- 2 Awareness and trust**
- 3 Creativity and collaboration**
- 4 Commitment to results**

OUR CERTIFICATIONS

DSC 10.000®
Diretrizes para o Sistema de Compliance

We hold certifications in quality management (ISO 9001), environmental best practices (ISO 14001), construction quality (PBQP-H), compliance guidelines (DSC 10.000), and LGPD (General Data Protection Law) compliance, always striving for the best results, quality, and transparency in the services provided to our clients.

OUR CLIENTS AND PROJECTS

HOUSING PROJECTS

RESIDENTIAL DEVELOPMENTS

Rio de Janeiro

We built over 3,000 housing units simultaneously, totaling more than 10,000 m² of built area, distributed across several developments in the State of Rio de Janeiro. These projects were executed using different construction systems, including conventional structures, concrete walls, and structural masonry.

COMPLETED PROJECTS

(In partnership with *Tenda*,
MRV, *Localiza* and *Direcional*)

The long-standing partnership between **R2X** and *Construtora Tenda* has resulted in the delivery of over 20,000 units under the *Minha Casa, Minha Vida* program, having impact various locations across the State of Rio de Janeiro.

We have provided a wide range of services, including the construction of canals, galleries, drainage channels, water network extensions – steel, cast iron, and ductile iron piping –, sewer network extensions, as well as installations for electrical, intercom, plumbing, fire protection, and gas systems. We also work on urban development projects involving the paving of roads and sidewalks, and the legal approval of these projects.

PARQUE TULIPA

JARDIM DOS LÍRIOS

PRAIA PARK

VALE DAS ÁGUAS

R2X has partnered with *MRV*, one of the largest groups in the construction sector, working on various projects in the states of Rio de Janeiro and Minas Gerais. We offer a wide range of services, including infrastructure, paving, drainage, and urban development. In collaboration with *MRV* and the Nova Iguaçu Municipal Government, we conducted the urban redevelopment of the city, creating bike lanes, parks, and outdoor gyms for seniors, prioritizing quality, and compliance with safety standards and legislation.

TORRES DO MÉIER

ARARAS

JARDIM DAS MANTIQUEIRAS

ATALAIA

TUPINAMBÁS

Construtora R2X operates across different sectors of construction ranging from complex projects to repair and renovation services.

Regarding minor repairs and maintenance, we work with *Localiza*, having set up contracts covering both Rio de Janeiro and other regions, and working at stores, airports, and parking lots across Brazil.

Services such as painting and finishing, electrical and air-conditioning installation, flooring, accessibility ramps, roofing, metal framing, and paving were conducted, among others aimed on revitalization and modernization of various stores.

LOCALIZA | SÃO PAULO

LOCALIZA | RIO DE JANEIRO

DIRECIONAL

Onde moram as grandes conquistas.

Construtora R2X holds contracts with the largest construction companies from Rio de Janeiro, so naturally, it had to be part of the *Direcional Engenharia* team.

We work in various projects found in neighborhoods such as Campo Grande, Pavuna, Barra da Tijuca, among others.

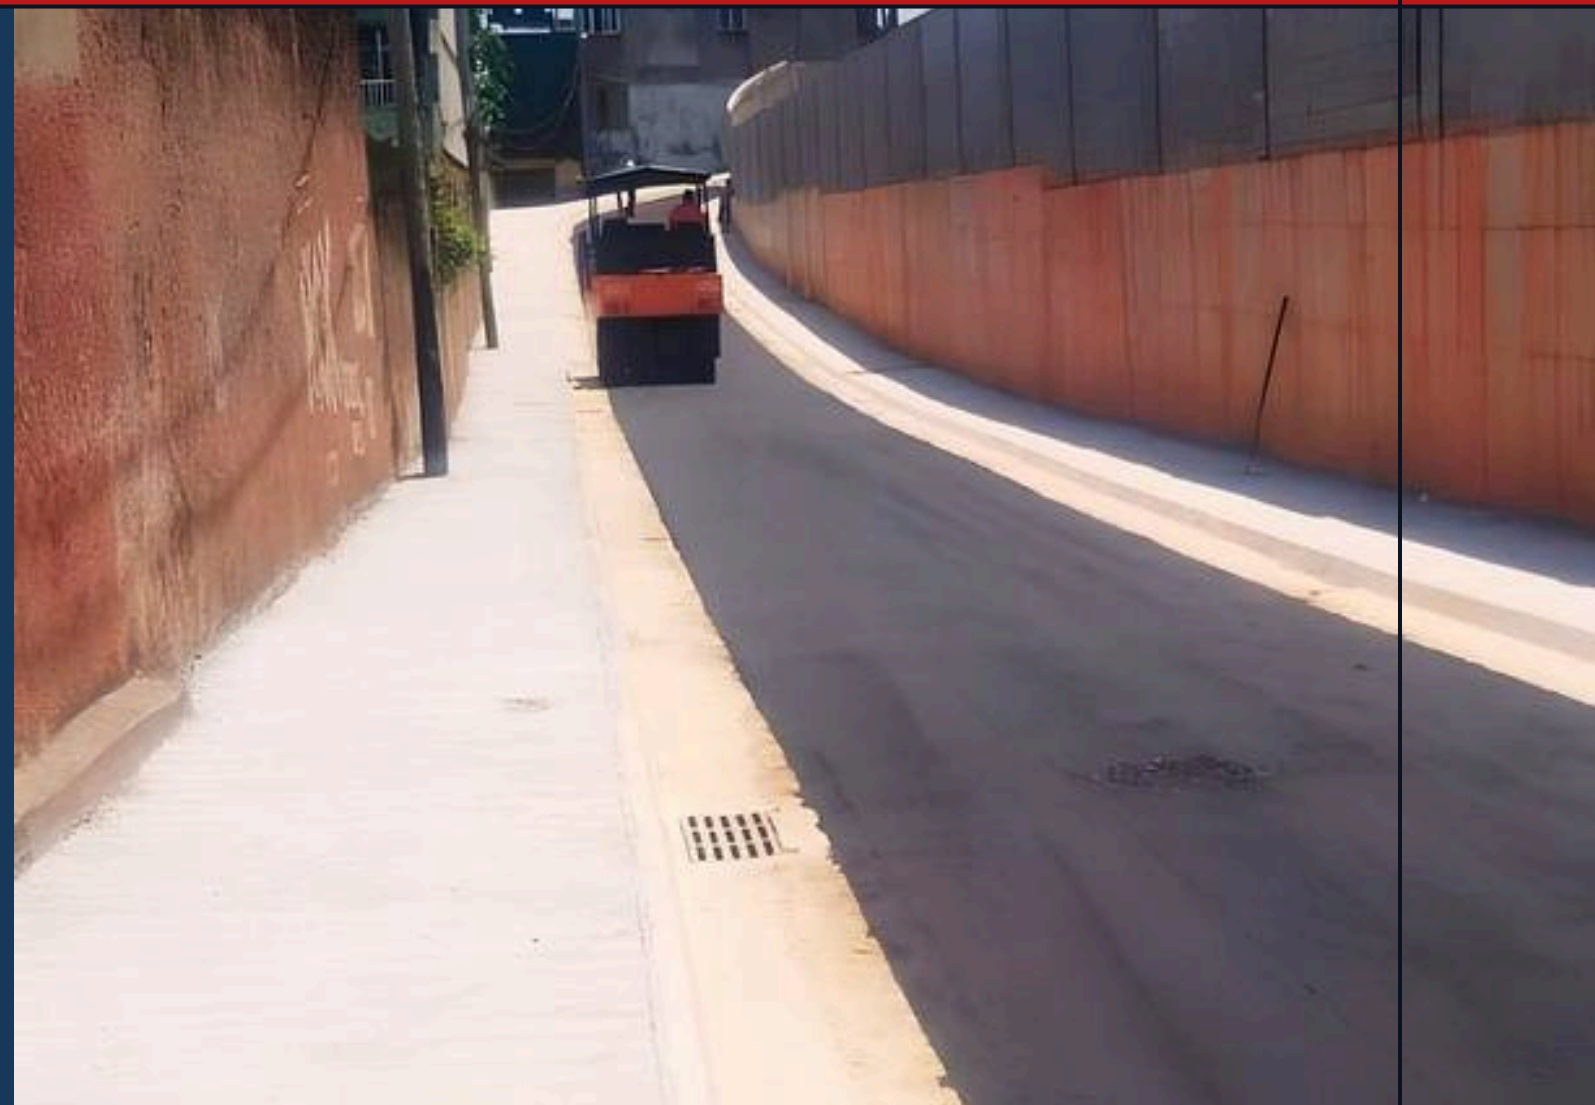

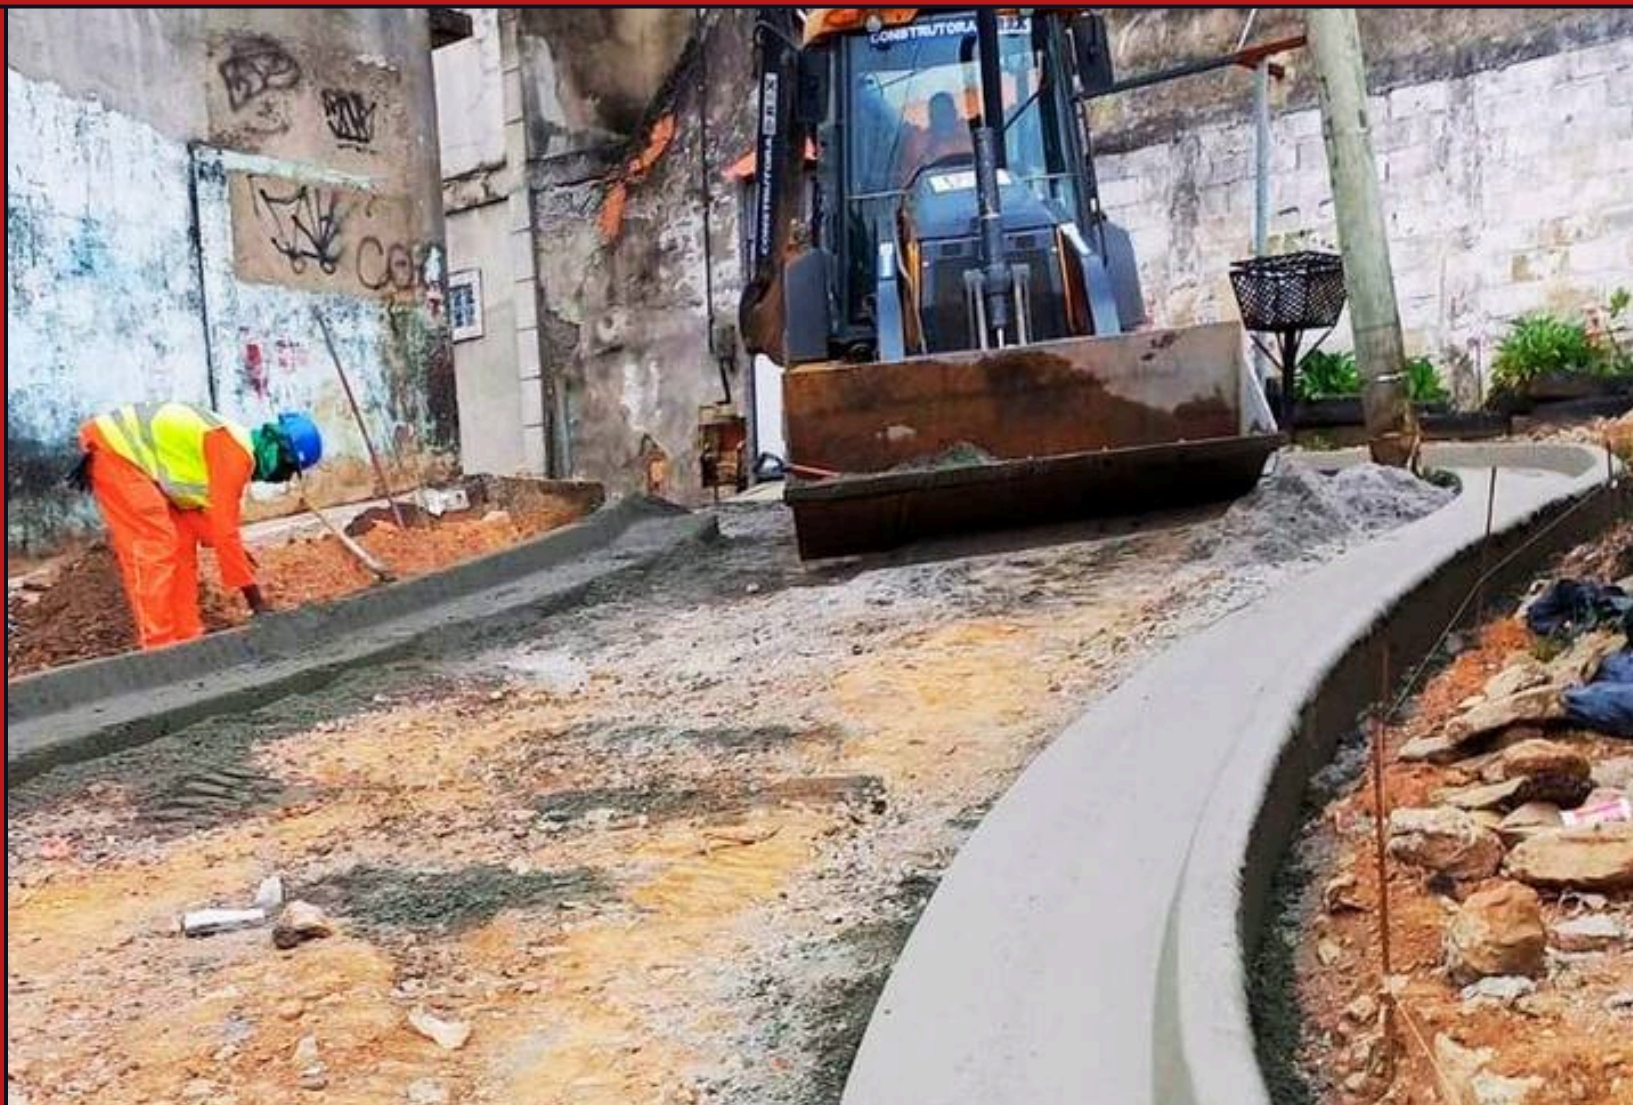

The services conducted under these projects within that partnership included drainage, urban development, and infrastructure, encompassing earthworks, asphalt restoration, sidewalks, and curbs.

CAMPO GRANDE

PAVUNA

ONGOING PROJECTS

SANITATION AND TREATMENT PLANTS

Our company has know-how and expertise in sanitation projects. Our projects cover all types of water and sewage networks, treatment plants (WTPs and WWTPs), pumping stations, and much more.

We have installed over 2,000 km of networks with efficiency and technical excellence.

R2X turns your sanitation project into reality.

WATER TREATMENT PLANT (WTP)

R2X is constructing and implementing a Water Treatment Plant featuring an ultrafiltration system and a flow capacity of 1,600 L/s in the State of Rio de Janeiro. This project is being executed for CEDAE**, meeting rigorous global technical and operational standards.

WASTEWATER TREATMENT PLANT (WWTP)

We are conducting the full civil works, including plumbing and electrical installations, automation system, for the expansion and upgrading of the Wastewater Treatment Plant in the city of Cabo Frio. The project increases the plant's flow capacity to 400 L/s, following NOP 45 guidelines.

** CEDAE (Companhia Estadual de Águas e Esgotos do Rio de Janeiro): the company responsible for water abstraction and treatment operations in the State of Rio de Janeiro.

MUSEU DA IMAGEM E DO SOM (MIS)

RIO DE JANEIRO

R2X is completing the new *MIS* headquarters, featuring revitalization, and finishing of the facades, installation of a central chiller-type air-conditioning system, complete building systems (plumbing and sanitary, electrical, and special systems), building automation and high-end finishes. Project executed with a focus on sustainability, aiming for LEED certification, and in compliance with the *Fundação Roberto Marinho's* high technical and aesthetic standards.
